

Electrical Estimator

Buzz Electrics are recruiting for a highly motivated Electrical Estimator.

Location

Hastings

Roll Type

Full-time permanent, Monday - Friday

Job Description

This role will be based out of our Hastings offices, and you will be working across a broad range of contracts, mostly within the commercial and industrial areas. You will be a multi-skilled Electrical Estimator and be able to manage the estimation process across a range of small to medium contracts.

You will be comfortable dealing with Clients, Contractors, Suppliers and Customers and have a great understanding of the whole estimation process including tendering processes and quotes. You need to be a team player.

You would have good contacts and connections throughout the country, and be a person that acts as an ambassador and advocate for the business. Your fine detail and negotiation skills will be used on a daily basis to deliver great results for clients and help to hit sales targets.

Prerequisites

Ideally have 3 or so years experience in electrical estimating

Hold a current licence with the EWRB
